LEADERSHIP

Sigma Pi Fraternity International

Athletic Chair, Recruitment Chairman February 2015 to Present

The positions I have held at Sigma Pi have helped me development great time management and organizational skills. Being athletic chairman taught me how to reach out to other organizations and organize events. I held two huge events for philanthropy where we were able to raise around \$1000 for our national philanthropy Donate Life. With recruitment I was able communicate with people I wasn't very familiar with and have them come to fraternity event that we set up.

New Jersey Institute of Technology Student Senate

Web & Information Systems Representative, Treasurer September 2015 to Present

Being a part of the Student Senate on campus defiantly helped me develop for the real world. Being the treasurer I have to go speak with administrators to address issues. This helped me work on finding a middle ground with every issue I faced and to make sure both parties were happy with the outcome.
